

The Socorro Chieftain.

A Correction.

Socorro, N. M., March 22, 1903.
Editor Chieftain:

I have read in the last number of your valued weekly wherein you note that I am suffering from a felon on one of my thumbs.

Though thanking you for the kind mention, allow me to correct by stating that my case has been purely one of hardest and cruelest blood poison, and though I have suffered terribly, thanks to the efficient and careful attendance of Dr. Swisher I am now on the road to complete cure. At one time, dear Editor, my hand and arm up to the elbow were swollen to the size of a large stove-pipe and were quite as black.

Thanking you for your kindness, I am

Sincerely yours,
C. CORTINAS.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." A. E. Howell.

A Narrow Escape.

J. L. Terry, superintendent of the New Era mine in the Black Range, writes C. T. Brown of this city that he and a miner named Tucco had a narrow escape from sudden death a few days ago. The two men were at the bottom of a shaft when some two-inch planks were being lowered to them. One of the planks broke from its fastenings and plunged to the bottom of the shaft. It struck Tucco and broke his hip, but Terry escaped unharmed.

Little Early Risers of worldly repute—
Ask for DeWitt's and take no substitute.

A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently. A. E. Howell.

No Blame Whatever.

The Honorable Frank A. Hubbell is said to be seeing visions and the other night in his sleep he thought he heard something drop. Present indications are that other would-be political leaders will exhibit similar symptoms in the near future. The New Mexican has sounded a warning before and cannot be blamed for having stood silently by while several of the political bosses were committing hari-kari.—Santa Fe New Mexican.

Murder at Cerrillos.

U. F. Hart, Santa Fe agent at Cerrillos, was shot down at his post in cold blood Wednesday night because he refused to throw up his hands at the command of a masked robber. The robber fled, but officers with blood-hounds are on his trail. Hart died Thursday morning. He leaves a wife and four children.
